How Can We Help?

Protect your floors from damage

Partner with our epoxy flooring company based in Thornton, CO — Proudly Serving Denver, Boulder, and all of the Colorado areas

Your floors go through a lot. If you want to protect them from damage while improving their appearance, you should consider epoxy flooring services from Visionary Floors. We can apply this innovative coating to residential and commercial floors based in Thornton, CO, also proudly serving Denver, Boulder, and all of the Colorado areas. Depending on your needs, you can choose from solid or metallic epoxy. We also provide urethane, which is a more flexible option.

Schedule an appointment with our epoxy flooring company today to learn more.

WHERE STUNNING DESIGN MEETS EXTREME DURABILITY

Inquire about our polished concrete installation services based in Thornton, CO – Proudly Serving Denver, Boulder, and all of the Colorado areas

Does your property need durable flooring that can stand up to heavy abuse? Don't bother with materials that will cost you a fortune and require constant repairs. Simply contact the experts at Visionary Floors for polished concrete installation services. Concrete is durable enough to withstand heavy foot traffic and constant wear and tear, so you won't have to worry about repairs.

Call 720-742-6691 now to learn more about our polished concrete installation services. We work with homeowners and business owners based in Thornton, CO, also proudly serving Denver, Boulder, and all of the Colorado areas.

Durable, flexible and built to last

Looking for a more flexible flooring option? Hire us for urethane flooring services. While urethane is durable, it's more flexible than epoxy, which makes it better at withstanding impacts, scratches and temperature changes. It also cures faster than epoxy, which can be advantageous for projects with quick turnaround times.

We recommend urethane in high-moisture areas and in spaces that need to handle temperature fluctuations. Some examples would include:

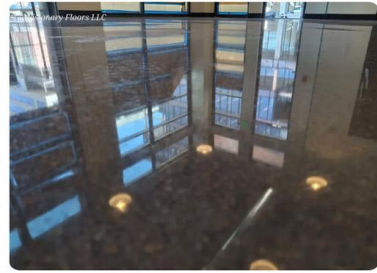

- **Garages**
- **Bathrooms**
- **Showrooms**
- **Warehouses**
- **Construction sites**
- **Commercial kitchens**
- **Manufacturing plants**

Reach out to us today to get urethane flooring services.
